

Denver Drywall Company
Since 1945

Monthly Newsletter
October 2002

Cellular Telephones continued...

Again, we need to re-visit this policy. Cellular telephones are to be only used during break and lunch hour.

Any emergency calls must come directly into the Denver Drywall office and a message will be given immediately.

Denver Drywall is asking for an honest 8 hours of work for 8 hours of pay. With employees continually on their cellular telephones, this does not happen.

Cellular telephones = Use during break and lunch break only!!!

Safety, Safety, and more Safety:

Congratulations:

Littleton Adventist Hospital had their Safety Luncheon on September 13th. This is their 2nd Luncheon since the beginning of the job. Way to go Darrell & the crew.

Good job Randy, Don, and the entire crew! Union Plaza had their very first Safety Luncheon on September 20th. We are hoping this will be their first luncheon of many.

DDC TRAINING CENTER & CALENDAR OF EVENTS
October 2002
