Health Education Corner

Did you know that CIGNA has a 24-hour, 7-day-a-week health information line available to every employee enrolled in CIGNA through Denver Drywall?

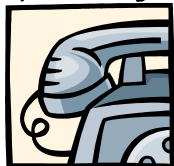

Did you know? That you may be able to save a trip to the emergency room or to your doctor by speaking directly to a Health Information Nurse for immediate advice (English or Spanish-Speaking).

That you can call for advice even while traveling out of the coverage region.

That you can listen to information tapes on topics including Aging; Alcohol Problems; Allergies; Arthritis; Back and Neck Problems; Blood and Circulatory Problems; Bones, Joints and Muscles; Brain and Nervous System; Cancer; Cardiovascular Health; Child Health and Development; Common Illnesses; Dental Health; Diabetes; Digestive System; Drug Abuse; Ear, Nose and Throat; Eating Disorders; Exercise and Fitness; Eye and Vision; Family Planning; Foot Care; General Health; Medications; Newborn Care; Nutrition; and many other topics?.

That all of the above is available by calling #1-800-564-8982 and following the phone prompts (for CIGNA enrollees only).

(If you need a copy of the booklet with a complete listing of information tapes, please contact Loretta Steves)

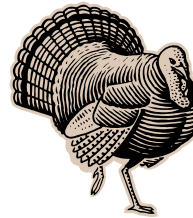

November Important Dates:

November 6th

All Foremen Meeting 3:30 p.m.

Thursday, November 28th & 29th

Grid

Up & coming classes in the near future...

EIFS

Blue Print Reading

Have you been to the DDC training center lately? If you haven't seen it in awhile, stop in and see Greg. The training center has gone through many changes and improvements.

A LITTLE SIDE OF SAFETY:

Safety, safety, safety... They are on their way to yet "another" safety luncheon:

November 8th

Littleton Hospital will have their "3rd" Safety Luncheon. So, far - accident free. Good job guys & gals.

November 15th

Union Plaza will have their "2nd" Safety Luncheon. Way to go, keep up the good work.

With winter creeping up on us, please remember to dress appropriate. Warm leather gloves, coats, hardhat liners, and other appropriate apparel.

Remember it is always a good idea to stretch and warm up in the beginning of the day and after breaks. Don't get caught unprepared.
