**Keep Your Pet Safe on the Fourth of July**

Fourth of July fireworks can frighten pets, and that fear can cause your dog or cat to panic and try to escape the confines of your yard or house. Keep your pet indoors on the Fourth of July in a quiet and isolated room with covered windows, or the basement where there are no windows, to help her feel safe and secure. Turn on a fan, a radio or television to muffle the sound of fireworks. They'll provide familiar indoor sounds and may help soothe her if she must be alone on this noisy holiday. Don't take your pet to a fireworks display.

If your pet behaves nervously by pacing, whining or crying, distract her by playing with her or doing something she enjoys. Don't stroke, pet or reassure her by saying, "Don't worry, it's okay." This may actually reinforce her nervousness or fright.
